Andy and Leena,  
Don Heller, the EPA project manager for Allison Transmission, forwarded me the attached investigation work plan yesterday. Apparently GM has decided to collect more data southeast of the plant. They plan on starting the work Monday so if you have any thoughts on the work plan, please let me know soon.  
Thanks,

Subject: Additional Investigation

Don,  
GM's proposed investigation south of Plant 12 is attached for your review and action. As we discussed, GM is planning on starting the work next week. Please let us know if you have any comments.

Thank you,
